So overall, the results show their performance to be above average compared to the industry.

Raymond ranks second in awareness within the fashion store market

Brand KPIs & benchmarking: awareness

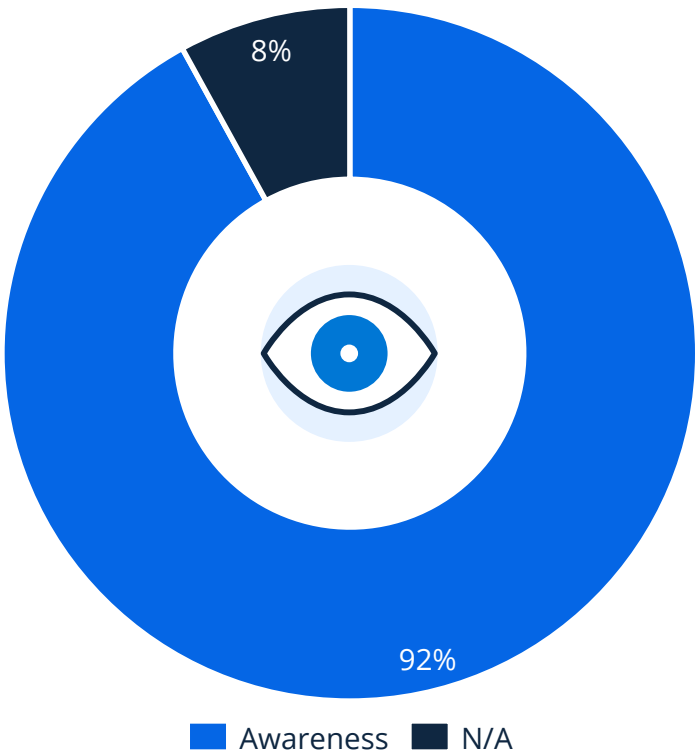

Summary

Driving recognition will lead to growing your customer base and measuring brand awareness is a key component to achieve this. With this score, you can gauge the current market presence of a brand, understand the brand's visibility, competitiveness, and recognition among their target audience. Further to this, it is a perfect way to assess your current marketing strategies.

Using the concept of aided brand recognition, showing respondents both the brand's logo and the written brand name, we asked: "Do you know this brand, even if only by name?".

Out of all respondents, 92% were aware of Raymond. This ranks them second compared to other brands surveyed in this market.

Awareness of Raymond

Rank #	Brand	Awareness %
1	Levi's	95%
2	Raymond	92%
3	Reliance Trends	91%
4	Zara	87%
5	Calvin Klein	85%
6	H&M	84%
7	Louis Philippe	80%
8	Peter England	80%
9	Allen Solly	80%
10	LifeStyle	79%

13 Notes: "Do you know this brand, even if only by name?"; Multi Pick; Base: n=1,249, all respondents (awareness)

Sources: Statista Consumer Insights Global, as of November 2024

The popularity rating of Raymond is 52%

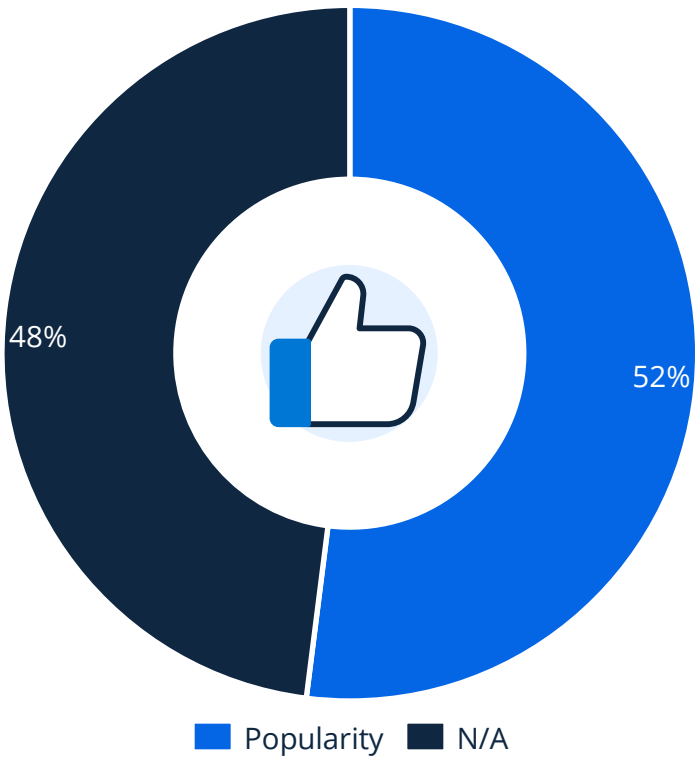

Brand KPIs & benchmarking: popularity

Summary

The popularity KPI is a great indicator of brand perception among current and potential future customers. The social proof provided by a high score can signify how trustworthy a brand is and influence consumer engagement. Brands with a large engaged following can often enjoy higher levels of advocacy and loyalty.

Out of consumers who knew the brand, 52% said they liked Raymond. This ranks them fifth compared to other brands surveyed in this market.

Popularity of Raymond

Rank #	Brand	Popularity %
1	Levi's	62%
2	H&M	59%
3	Allen Solly	56%
4	Calvin Klein	55%
5	Raymond	52%

7	Max Fashion	34%
8	Louis Philippe	34%
9	LifeStyle	34%
10	Reliance Trends	33%

In terms of loyalty, Raymond is seventh in India

Brand KPIs & benchmarking: loyalty

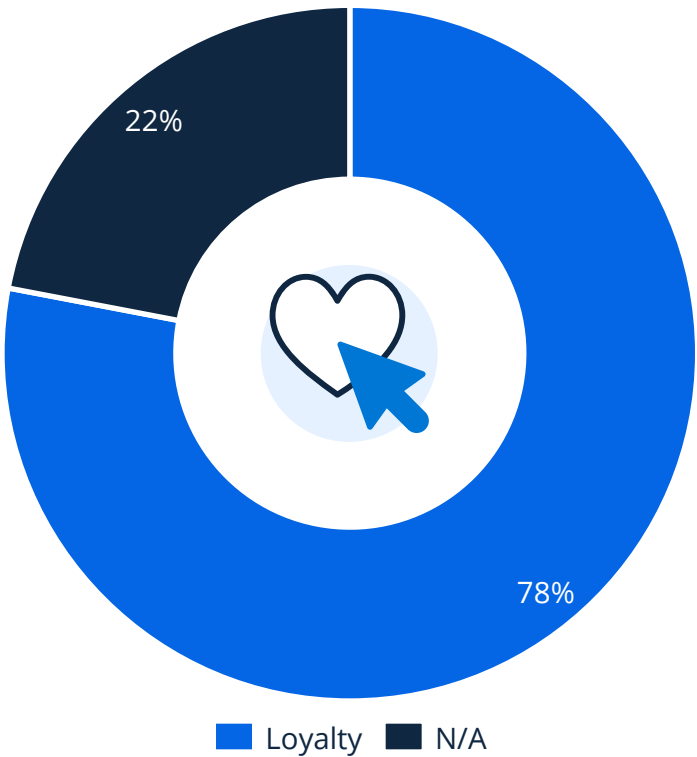

Summary

After ascertaining the usage of a brand in the last 12 months, the next most important indicator is brand loyalty. This score allows us to establish whether a brand is performing well in regard to customer retention. Measuring brand loyalty establishes a clear feedback loop with customers, providing valuable insights into customer satisfaction and preferences. It is also a powerful predictor to help guide marketing strategies and forecast future sales and revenue more accurately.

To measure the loyalty of these consumers we ask each respondent: “When it comes to fashion stores, which of the following brands are you likely to use again in the future?”.

Out of respondents who have used Raymond, 78% said they would use the brand again.

Loyalty of Raymond’s consumers

Rank #	Brand	Loyalty %
1	Allen Solly	84%
2	Zara	82%
3	H&M	81%
4	Reliance Trends	80%
5	Calvin Klein	79%
6	Levi's	78%
7	Raymond	78%
8	Peter England	78%
9	Westside	78%
10	Van Huesen	77%

16 Notes: “When it comes to fashion stores, which of the following brands are you likely to use again in the future?”; Multi Pick; Base: n=405, respondents who have used the individual brand (loyalty)

Sources: Statista Consumer Insights Global, as of November 2024

Raymond has a score of 43% for media buzz

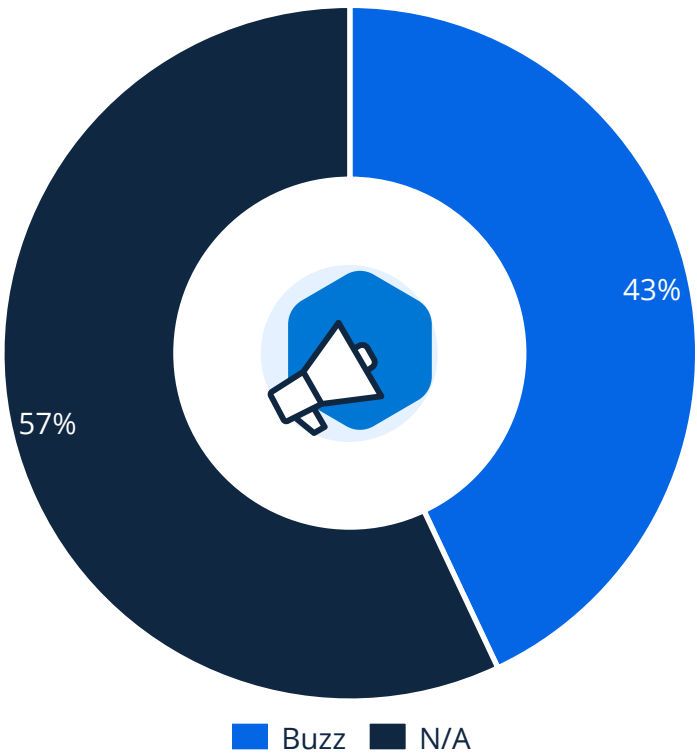

Brand KPIs & benchmarking: buzz

Summary

Is the brand hot or not? Is it causing a stir in the media and online, to find this out we asked each respondent: “Which of the following brands have you noticed in the media, on social media, or in advertising in the past 3 months?”.

Out of consumers who knew the brand, 43% said they had heard about Raymond in the media. This ranks them fourth compared to other brands surveyed in this market.

Buzz of Raymond

Rank #	Brand	Buzz %
1	H&M	56%
2	Levi's	49%
3	Allen Solly	46%
4	Raymond	43%
5	Calvin Klein	43%
